

Zoznam nominovaných a nenominovaných projektov
na základe rozhodnutia výberovej komisie pre hodnotenie a nomináciu
projektových zámerov v rámci výziev Slovenskej inovačnej a energetickej agentúry IPCEI ME
na pred-notifikáciu Európskej komisii, ktorej rokovanie sa uskutočnilo 1. 4. 2021.

Nominovaný projekt

Nenominovaný projekt

SPOLOČNOSŤ	NÁZOV PROJEKTU
Bizzcom s.r.o.	Neuromorphic based embedded cybersecurity
CEUF j.s.a.	ipcei.sk- online knowledge platform for sharing IPCEI related experience and skills encouraging participation of Slovak companies
Continium Technologies s.r.o.	Development of a chip-integrated wireless receiver for 5B base stations (BTS) based on high-frequency digitalization by broad-band, lowest-power Continuous-Time Sigma-Delta A/D-Converters (CTSD ADC) in modern FinFET CMOS and SOI technologies
Ing. Radoslav Jízdny	Powering e-bikes by intelligent electronics, motor electronics, BMS electronics and remote access with server data computing
InoCloud j.s.a.	InoCloud: energy-efficient universal computing centre aimed at democratising HPC
POWERTEC s. r. o.	Research, design and implementation of a production method of new organic semiconductors sensors and design of new signal processing biomedical chips for use in the field of medical diagnostics and improvement of early-stage cancer diagnostics with the future goal of ensuring the large-scale production
R-DAS, s.r.o.	Global Distributed Multichip System for disruptive applications based on a novel concept of Global Distributed Intelligence
SEMIKRON s.r.o.	Innovative and advanced power electronic components
Tachyum s.r.o.	Accelerating Prodigy2, an EU processor
